Flight & Ground Instructor Needed

Are you a skilled flight instructor with a passion for aviation? We're seeking an experienced and dedicated Flight Instructor to join our dynamic team.

Position: Flight Instructor, Ground Instructor

Type: Full-time, Part-time

Responsibilities:

- Provide high-quality flight instruction to students, ensuring they meet or exceed FAA standards.
- Conduct ground school lessons and practical flight training.
- Develop and maintain training programs and materials.
- Assess students' progress and provide constructive feedback.
- Ensure all training activities comply with FAA regulations and company policies.

Requirements:

- Bachelor's degree in aviation, Aerospace Engineering, or a related field.
- For Flight Instructor: FAA Certified Flight Instructor (CFI)
Certified Instrument Instructor (CFII), Multi Engine Instructor (MEI) preferred
- For Ground Instructor: Advanced Ground Instructor (AGI)
- Knowledge of FAA Part 141 regulations and experience teaching under Part 141 flight school programs.
- Strong communication skills and the ability to motivate and inspire students.
- Ability to work collaboratively within a team environment.

About Us:

At St. Charles flying service, we are committed to shaping the future of aviation through excellence in flight training. Our state-of-the-art facilities and dedicated team provide an ideal environment for both instructors and students to thrive.

Our school operates under FAA Part 141 regulations, which are designed to ensure high standards and consistency in flight training programs. We also have a Memorandum of Understanding (MOU) with Midwest University to collaborate on advanced training and education programs. This partnership underscores the importance of having instructors with a bachelor's degree. Here's why:

- **Meet FAA Requirements:** For Part 141 schools, having instructors with a bachelor's degree aligns with the FAA's emphasis on advanced knowledge and professionalism in aviation training. This helps us maintain compliance and uphold the highest training standards.
- **Enhance Training Quality:** A bachelor's degree ensures that our instructors have a comprehensive understanding of aviation principles and related fields, leading to more effective and thorough training for our students.
- **Support University Collaboration:** Our MOU with Midwest University enhances our training programs by integrating academic and practical experiences. Having instructors with a bachelor's degree aligns with

this academic collaboration, providing students with a cohesive learning experience that bridges theory and practice.

Benefits:

- Competitive salary and benefits package.
- Opportunities for professional growth and development.
- Modern training facilities and equipment.

How to Apply:

If you meet the above qualifications and are excited about the opportunity to join our team, please submit your resume and cover letter to stcharlesflying@gmail.com with the subject line "Flight Instructor Application – [Your Name]."

We look forward to hearing from you and discussing how you can contribute to our team!
